About Me

Frontend Developer and Computer Science undergraduate currently pursuing B.Tech in CSE with a specialization in IoT (Internet of Things) and Blockchain Technology. Skilled in developing intuitive, responsive, and user-centric web applications using HTML, CSS, JavaScript, and React.js. Proficient in modern frontend frameworks, UI/UX design principles, and version control tools like Git and GitHub. Looking to contribute to real-world projects in a collaborative development environment while continuously enhancing my technical expertise and gaining valuable industry experience.

Education

Babu Banarasi Das University   Lucknow, UP
B.Tech in Computer Science and Engineering   *Aug 2023 – Present*
Krishna Kanti Sarvodya inter college   Shahjahanpur, UP
Class 12   *2022*

Skills

Programming Languages:	Java, C
Web Technologies:	HTML, CSS, JavaScript, Bootstrap, Tailwind CSS
APIs & Integration:	RESTful APIs, Postman, JSON
Data Structures & Algorithms:	Array, Linked List, Graph, Tree
Version Control:	Git, GitHub
Tools & IDEs:	VS Code, IntelliJ IDEA

Projects

Random Joke Generator   (View Project) — (Source Code)
- **Tech Stack:** HTML, CSS, JavaScript, Fetch API
- **Features:** Displays random jokes from an external API, refreshes joke on button click, clean and minimal UI, error handling included
- **Description:** A fun web app that fetches and displays random jokes using an online API. Demonstrates asynchronous JavaScript (Fetch API), DOM manipulation, and dynamic content integration.

Simon Says Game   (View Project) — (Source Code)
- **Tech Stack:** HTML, CSS, JavaScript
- **Features:** Interactive memory game with color patterns, level-based progression, and visual feedback
- **Description:** A browser-based version of the classic Simon Says game. Enhances logical thinking and memory through sequential pattern recognition. Implements event handling, animations, and game logic.

Portfolio Website   (View Project) — (Source Code)
- **Tech Stack:** HTML5, CSS3, JavaScript, AOS animations, Responsive Design
- **Features:** Showcases skills, projects, and contact form. Scroll animations, mobile-friendly design and modern UI
- **Description:** A personal digital portfolio designed for employers and recruiters. Focuses on clean UI, responsiveness, and professionalism while highlighting frontend development capabilities.

Achievements and Certifications

JavaScript Bootcamp Certification   March 2024
LetsUpgrade.in   *Online*
- Successfully completed a structured JavaScript Bootcamp.
- View Certificate

Problem Solving (Basic) Certification   June 2024
HackerRank   *Online*
- Demonstrated strong programming fundamentals in HackerRank's coding challenges.
- View Certificate

3rd Place – Tech Startup Innovation   October 2024
INGENUITY 2K24 - SMS & BBDU   *Lucknow, UP*
- Secured 3rd position in "Tech Startup (Innovate)" during INGENUITY 2K24 technocultural fest.

Tech Expo Participation   February 2025
Utkarsh'25 - BBD University   *Lucknow, UP*
- Contributed in the Tech Expo under Technical category showcasing innovative project work.

Hackathon: Kalpathon Participation   April 2025
BBD University   *Lucknow, UP*
- Participated in "Kalpathon: Coding-based Hackathon" during Akhil Jyot 2025.
